Addisons, Miss Margaret Elizabeth Florence

March 1915

March 17th, 1915

Miss Addison,

Annesley Hall,

Toronto.

Dear Miss Addison:

I have seen Miss Morgan this morning, and I told her that the affairs at our Settlement are still so uncertain that I cannot speak about the future, but if she will send me her application I will keep it beside me. We do not want to have more inexperienced people in control of the Settlement. If the Settlement is to be continued we must have somebody in charge who has made a success of Settlements elsewhere. Miss Morgan seemed to me to have many qualties, which with experience, would make her a very good Settlement worker.

With kind regards, I am,

Yours sincerely,

President.
